

Save 40-50% on Reel Drum fabrications!

The CA Lawton Co. is your one-stop-shop for Machined Reel Drum castings.

Reduce your Reel Drum piece part costs up to 50% by converting your fabrications to castings.

Patterns

Castings

Machining & Paint

COMPARE THESE COSTS FOR A TYPICAL DRUM...

<i>Fabricated machined drum</i>	\$4,035
<i>Calco cast machined drum</i>	<u>\$2,210</u>
THAT'S A SAVINGS OF	\$1,825 per DRUM!

CALCO MAKES FABRICATION CONVERSIONS EASY!

We do this by

- Providing design support for drawing conversions
- Building durable low cost patterns
- Pouring cast drums in all grades of gray and ductile iron

With on-site pattern, foundry and machining, Calco is the low cost supplier of Reel Drums.

PATTERN

Calco's on-site pattern shop specializes in building and rigging all tooling types for its foundry process.

CASTING

Calco produces castings up to 20,000 lbs. from all grades of gray and ductile iron, including impact grades.

MACHINING

Calco machining capabilities complete the one-stop shopping advantage.
